

Why Hire a Veteran?

 **Proven dependability and reliability** – Veterans learned from their first day in service to be on time and to follow instructions.

 **Specialized Training** – Many veterans have undergone months, and in some cases, years of training in highly skilled areas.

 **Trainable** – When you hire a veteran, you know you have hired an individual that can quickly learn new skills and methodologies.

 **Trustworthy** – Veterans have been responsible for equipment often worth millions of dollars. And more important, they have been responsible for the lives of their fellow servicepeople! They have earned trust and respect, often under incredibly difficult circumstances.

 **Team oriented and culturally aware** – Veterans have a proven ability to work side-by-side with other individuals from every walk of life, regardless of race, color, gender, religion or ethnicity.

 **Adaptable** – Veterans have thrived in every imaginable situation. Their very lives have depended on their ability to adapt to new circumstances!

 **Social Maturity** – Veterans have had the opportunity to gather more life skills, more quickly and at a younger age, than virtually any other group of people.

 **Payback** – The final reason. Veterans have risked their lives to allow the principles of freedom and democracy to flourish. Many have gone in harm's way, and all have accepted that possibility. They have earned your consideration!
